ALUMASTER

· 鋁師傅 ·

Classic Emas (Sarawak) Sdn. Bhd. was incorporated in Malaysia under the Companies Act 1965 on 20 April 1983. Classic Emas's headquarter is based in Kuching and we had been serving the East and West Malaysia building and construction community since our foundation.

Classic Emas has grown from a company whose principle activities includes manufacturing of aluminium profiles and related products, trading of building materials, property investment to a world class solution provider that serves a diverse international clientele.

Classic Emas currently has production capabilities that include extrusion, fabrication and various partner factories that stretch from Malaysia to China. These varieties of manufacturing facilities help Classic Emas tailor our production capabilities to our client's needs.

Classic Emas long established research and development team assist in providing our clients an avenue to develop and add value to their products. We have been producing quality aluminium extrusion profiles and also specialises in the supply and distribution of a wide range of creative aluminium products under our brand name "ALUMASTER".
